<u>Information about this template:</u>

- At first it may look like only about ¾ of the page is filled, but to confirm that it will not print this way, go to File->Print Preview and you'll see it will fill the page properly and your labels will align.
- I designed it with a three-line address in mind, at 10pt. Increasing these may have unintended consequences.

Don't forget before printing:

- Turn off the grid lines (right-click the above table->Table Properties->Table Border->White)
- For best results, Download as PDF to verify layout
- Print **only** page one
